INTERNSHIP EXPERIENCE

IUSTV (Campus News) Bloomington, IN
Intern February 2022 – May 2022

- Contributed to updating the IUSTV website with my skills in WordPress, and collaborated with the Executive Director through weekly meetings
- Supervised in installing plugins and develop additional features to modify the IUSTV website, giving an innovative user experience
- Built an overall new theme for the site by changing its typography, headers, background colors, and page layouts, bringing a further engaging experience to their website

COURSEWORK EXPERIENCE

Web and Mobile Design Bloomington, IN
Student January 2022 – May 2022

- Designed websites about different brands through imagery, text, links, composition, and structure
- Drew sketches and wireframes to propose ideas and observations on building a future website or app
- Created grey boxes to integrate the size and positions of each image, text box, and buttons to every page on a website

Intro to Computers and Computing Bloomington, IN
Student February 2022 – May 2022

- Applied HTML programming to develop web pages using div tags, nav elements, external stylesheets, and parallax
- Utilized CSS and PHP programming to modify certain themes or functions of a file or web page
- Implemented different types of charts and pivot tables, along with adding conditional formatting and functions such as IF and VLOOKUP on Microsoft Excel

WORK EXPERIENCE

Goldfish Swim School Fishers, IN
Swim Instructor June 2021 – August 2021

- Taught 3-5 children (age 5+) varying levels of swimming skills during 6-8 live pool lessons each shift, helping them learn various swimming strokes
- Communicating with parents on the child's development to ensure the child's progression and advance their level of swimming
- Trained on oversight and instruction techniques relevant to young swimmers, including how to guide children in the pool, perform CPR, and keeping the children disciplined so that the overall environment is safe

Skills: Figma, WordPress, Webflow, Adobe XD, Canva, FL Studio, Logic Pro, GarageBand, interviewing, podcasting

Interests: Music, filming, scriptwriting, songwriting, recording, acting
